Re: Geoffrey Davidian vs. Village of Shorewood WI et al
Milwaukee County Case Number 2003CVO11036

Dear Mr. Waskowski:

As you recall, the issue of public access to correspondence regarding the Shorewood Public Library and its finances and operation resulted in the above case being filed in 2003. The matter was dismissed last year after we reached an agreement on archiving official correspondence.

This letter is to advise you that the defendants in the above case are in violation of the agreement regarding archiving of correspondence on a central server. In addition, access to official electronic mail is systematically denied and more recently, Shorewood officials refused to respond to requests to inspect records.

I look forward to your immediate attention to these serious violations and suggest we meet at my office at your first opportunity next week to spare the court the further burden of dealing with your clients' well documented and illegal official behavior.

Very truly yours,

Geoff Davidian
